

LB40T

VARIABLE SPEED SPIRAL MIXER

The Eurodib LB40T variable speed spiral mixer combines power and flexibility to handle high-volume dough mixing operations. Designed to meet the rigorous demands, this model offers the versatility required for a wide range of food preparation tasks.

Key features

- **Variable speed settings:** Adjust mixing speed to suit different dough textures and recipes.
- **Simultaneous spiral and cylinder Rotation:** Ensures efficient mixing and consistent dough quality.
- **Intuitive control system:** Easy-to-use interface for adjusting speed and intensity.
- **Robust construction and ergonomic design:** Provides remarkable durability and facilitates access and usage while optimizing workspace.
- **High capacity:** Ideal for bakeries and food production setups requiring large batches.

Applications

- Ideal for bakeries, patisseries, and food production plants.
- Perfect for artisan bread, pizza dough, and other high-volume recipes.

Technical specifications
