Easy-to-Open Lid
Press button & lift to open

Heated, Hinged Lid
Saves counter space and has a gasket seal to help prevent heat and moisture loss

Insulated, Double-Wall Stainless Steel Construction
Holds in heat to keep rice warm

No-Mess Serving
Moisture cup collects messy drips and removes for easy cleanup

On/Off Button
For guess-free operation

All-Around Warming with No Hot Spots
Heating components on the lid, sides and bottom keep rice warm from all directions and maintain food safe temperatures for up to 12 hours

Nonstick Pot & Paddle Included
Easy transfer rice from cooking to warming — removable inner pot is compatible with Proctor Silex® Commercial Rice Cooker #37560R
