HCJ967 Series Electric Citrus Juicer

3 reinforced reamers

Small for lemons and limes, medium for oranges, and large for grapefruits. Each reamer has a stainless steel insert for durability

Extra-tall spout

Measures a full 8.5" (21.6 cm) from the counter to allow juicing into a wide variety of containers

Protective juice bowl collar

Protects metal housing and prevents bowl movement

Exceptionally quiet motor

Won't interfere with the ambiance of your establishment or interrupt conversation

Low center of gravity

Makes juicer less prone to tipping over

Heavy-duty metal housing

Made of cast aluminum for superior acid-resistance and long-lasting performance

932 Manual Citrus Juicer

Dependability

Considered the standard worldwide because of its heavy-duty gears, dependable performance and classic styling

Maximum juice extraction

The extractor arm exerts up to 2,000 lbs of force to ensure maximum juice output with minimum skin oil and pulp residue

Strainer cone and funnel

Remove for easy cleaning

Flexibility

Designed to extract pure citrus juice from lemons, limes, oranges, and grapefruits

Acid-resistant finish

The metal components, as well as the enamel finish, resist wear and tear from exposure to citrus acids

MAXIMUM JUICE, MINIMUM EFFORT
