HEATER PROOFERS

Insulated Heater Proofers

This insulated unit is designed to promote efficiency and reduce redundancy in operations by combining the function of two equipment into one and leveraging the advent of technology.

Features:

- Heavy duty aluminum construction
- Forced air design
- Dual proof/heat thermostatic control with temperature sensor and circuit breaker. Available with read-out LED digital or analog display.
- Proof mode: 95% RH at 110°F
- Heat mode: max temp 180°F
- Corner bumpers
- Cabinet doors have aluminum frame and lexan window
- Removable analog or digital drawer
- Can hold (35) 18" x 26" pans
- Electrical specifications: 120V - 60 HZ, plugs into standard 110V outlet, NEMA 5/15P

Benefits:

- Insulated cabinet reduces energy expenditure by retaining heat when not connected to an electric source.
- Pans can be loaded from bottom
- Clear lexan door allows for greater visibility of food items
- Forced air design provides even heat distribution
- Less time and effort spent closely monitoring temperature and moisture within the unit
- Easily attain accurate and precise temperature and level
- Food quality, texture and freshness are well-maintained
- Overcurrent protection to the entire equipment
- Removable digital or analog drawer allows for easy and efficient cleaning
